Airsoft	SSgt Troy Kingery / TSgt DeMarcus Lockett	722-5761/722-4136	troy.kingery@us.af.mil demarcus.lockett@us.af.mil	Seymour Johnson Airsoft Club	Weekends @ Local Fields(Varies depending on weather and availability)	Some Airsoft Teams specialize in MilSim and historical reenactment intended to get the participant "inside the head" of the characters from history. This gives participants a chance to pretend they are part of recent history. Occasionally airsoft groups have ex-military members seeking the camaraderie of their old units without the commitment. Airsoft guns are typically battery or gas-operated, holds dozens to hundreds of plastic BBs (depending on magazine-type), and are much quieter than a real firearm. They are typically only accurate for a hundred feet. Some newer gas-operated models feature realistic blowback action and both cycling and some even have shell ejection and recharges that emulate their real-world counterparts exactly. Players are commonly unable to engage opponents at realistic distances in outdoor fields. There are various weapons classes that are used in the sport, I.E. Assault Rifles, Support Weapons (Machine Guns), Sniper Rifles, etc., that dictate the role of the individual player. Indoors however, airsoft guns have virtually identical accuracy to their real steel counterparts. Players often lack real-world tactical training, and many in-game combat deaths and injuries come from simulated artillery and other explosives as well as small arms fire.

Whether you play on occasion or every weekend, the club gets people together, share information, and find a group that works for you. Gatherings are held every Saturday around noon, or whenever people finally wake up, and last as long as everyone wants it to. Currently, there are a few ongoing campaigns and new campaigns starting as more people keep joining. Whether you are interested and want to just give it a try, or have to ask your spouse for permission to relieve the glory days, you will have an awesome time! Tabletop gaming is a great way to unwind from computers and TV's. Sometimes, it's more about just hanging out with friends, being silly, ordering pizza or chives delivery, and enjoying a beautiful day. Game genres can go from Knights and Dragons, to Starships and Light Sabers, to Vampires vs Werewolves. Tabletop gaming offers a wide range of character development, storytelling, character interactions, and legendary epicness, no video game on any system can match. Disclaimer: Fair warning! Once you start playing, you will not be able to get enough. It is recommended to get your spouse hooked also.

We are happy to welcome anyone who is interested in natural living: creating raggs, coasters, art, etc., for their home, and much more. This club also focuses on health. In group meetings, members will learn how to make their own soap, bathpans, deodorant, lotions and learn how to utilize different oils. Simple Living also focuses on the importance of food. We will have speakers, farmers, etc., who are knowledgeable in the field of diets, nutrition, and overall foods and their importance on the body. We look forward to members, and anyone willing to contribute their interests and knowledge to the Simple Living Club. We are happy to welcome dependents, active duty, young, old, stay at home parents, and anyone else who is willing to learn/share.

StoryTellers	TSgt Ruby Oville/TSgt Kimberly McDougle	722-1183	ruby.oville@us.af.mil/kimberly.mcdougle@us.af.mil		2nd Tuesday, @ 1130 DFAC	The Storytellers Team consists of members who are willing to tell their story and deliver a positive message that could possibly impact someone's life. We seek not only heart wrenching stories but stories that can inspire and encourage (i.e., self-improvement, accomplishments, courage, etc.). We welcome any rank (MI/Civ), dependents, and retirees. The goal of the Storytellers is to deliver several critical messages. Messages that we as the military often speak about: Resiliency, strength, courage, motivation, mentorship, the Wrightman Concept, etc. What better way to grow as Airman than to hear real life stories, from real life Airmen! Every story matters!
